

Wireless building automation

CASAMBI

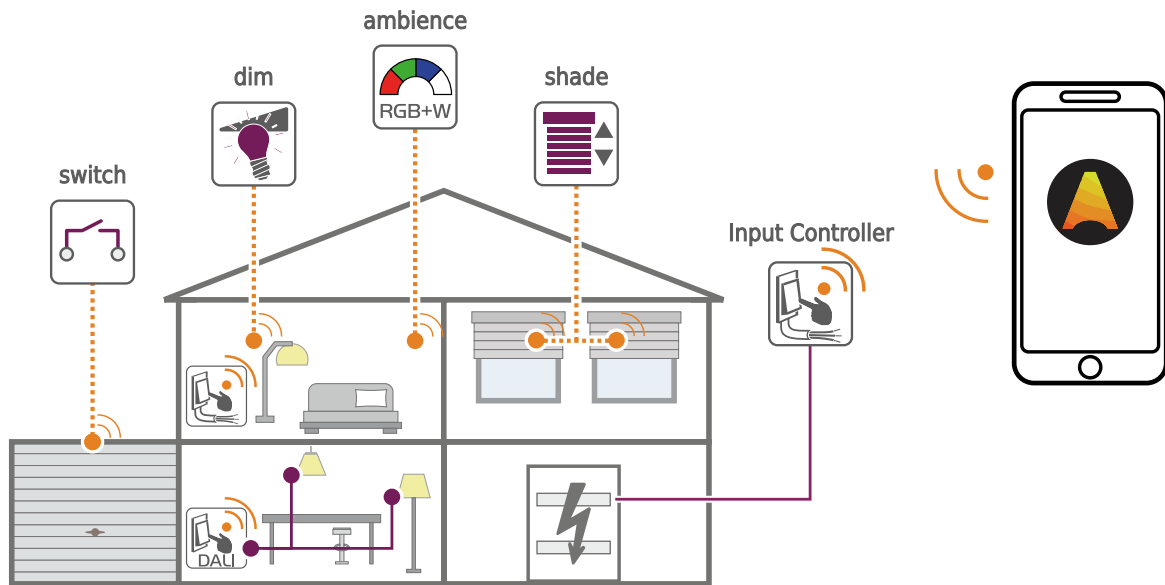

maintronic offers a wide range of Casambi enable modules to control, switch or dim your home applications.

Casambi allows you to manage your ambience within one APP, no smart home central control required. Due to the meshnet topology the system is fail save and reliable.

Building automation with Casambi enabled modules

Blind actuator

- Switch actuator for blinds, awnings, ...
- programmable pushbutton inputs
- Numerous time functions

4CH | 16A Relay

CBA UP

Item No.:
10.752

Switch actuator

- Switching devices via smartphone
- High inrush currents possible
- Numerous time functions

2CH | 16A Switch Relay

CSA2 UP

Item No.:
10.751

Casambi input controller

- 4-fold push-button-interface
- Casambi repeater
- Mains powered 100...240V AC

4CH inputs mains powered

CI4 AC

Item No.:
10.805

DALI input controller

- Casambi-DALI-Gateway
- Wireless 4 CH push button module
- DALI group / address / RGBW controller

4CH inputs | DALI Gateway

CI4 DALI

Item No.:
10.800

NEW

Phase dimmer flush mounted

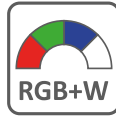

- Retrofit-Universal-Dimmer
- Advanced Adaptive Dimming
- Additional push button input

1CH | max 300VA

CRD302 UP

Item No.:
10.270

LED-Dimmer miniXLED4

- LED-Dimmer constant voltage
- RGB-W | tuneable white
- Tiny dimensions

4CH | 4,4A

miniXLED4

Item No.:
10.541

Phase dimmer installation

- Retrofit-Universal-Dimmer
- Advanced Adaptive Dimming
- Additional push button input

1CH | max 380VA

CRD400 INS

Item No.:
10.273

LED-Dimmer

- LED-Dimmer constant voltage
- RGB-W | tuneable white
- Control: Casambi, DALI/push button

4CH | 4,4A

XLED4 CV

Item No.:
10.541

Blind actuator DC

- for DC motors, awning, roller blind ...
- Absolute positioning
- Slat angle control (on blinds)

2CH | 3,5A FET

CBA1024

Item No.:
10.790

Casambi tactile sensor coupler

- Perfect tactile and visual feedback
- Suitable for System 55
- LED-Sync on multiple devices

6 Buttons | 2 additional. Inputs

CTS2

Item No.:
10.806

NEW

Smart products for building automation

As an innovative German electronics manufacturer with decades of experience in the field of building automation, we are an OEM supplier and reliable partner of many well-known companies.

For building automation, we offer an extensive product range of dimming and switching actuators for the KNX, DALI, DMX and Casambi protocols for the wireless world.
